Re: MIPC LLC Office Hours in Upper Chichester Township

Dear Mr. Brown,

Please accept this letter as confirmation that the Upper Chichester Township Board of Commissioners believes that office hours in Upper Chichester Township related to the fuel release at 920 Cherry Tree Road are no longer necessary. The Board over the course of the past six (6) months there has only been two people that appeared at the Township for MIPC's office hours, and they are aware of and one has participated in MIPC's office hours at the other facilities. While we understand that this is part of MIPC's public improvement plan, the Board of Commissioners would be comfortable if the DEP elected to relieve MIPC of this obligation.

Sincerely,

Bill Gavin
Upper Chichester Township
Interim Township Manager
